Section 1: Background

1.1 UNICEF mandate within the EU Focal Regions programme

UNICEF is the agency of the United Nations, mandated to advocate for the protection of children's rights, to help meet their basic needs and to expand their opportunities to reach their full potential.

In the Republic of Moldova, UNICEF works within the framework of the Government of the [Republic of Moldova-UNICEF Country Programme of Cooperation 2018-2022](#), aimed at ensuring that by 2022 all children in Moldova, especially the most vulnerable, enjoy their right to education, health, an adequate standard of living, and participation within a child-friendly legal environment, and are protected from abandonment, neglect, discrimination, exploitation and violence.

The Republic of Moldova/UNICEF Country Programme for 2018-2022 supports the achievement of the priorities established by the national strategies, policies and programmes related to the realization of child rights and especially related Sustainable Development Goals (Goals 1, 2, 3, 4, 5, 10 and 16) and targets, and it complements the Republic of Moldova–United Nations Development Assistance Framework (UNDAF) that continues with a delivering-as-one approach for the period 2018-2022 and is aligned to UNICEF Strategic Plan for 2018-2021. Further information on the programme can be found on <http://unicef.org>.

UNICEF Moldova is implementing the EU4Moldova: Focal Regions Programme, in partnership with UNDP and based on the European Commission Implementing Decision on the Annual Action Programme 2018 in favor of the Republic of Moldova, funded by the European Union. The overall objective of the EU4Moldova: Focal-Regions Programme is to strengthen the economic, territorial and social cohesion in the Republic of Moldova through facilitating inclusive, sustainable and integrated local socio-economic growth and improving the standards of living of children, adolescents and all citizens in the two focal regions, Cahul and Ungheni.

1.2 Purpose and objectives.

As per the [Convention on the Rights of the Child](#), adolescents have the right to be heard in individual decisions concerning their education, skill training and work, and in collective decisions related to school governance and educational policies and laws.

In the Republic of Moldova, access to local youth participatory structures, such as Youth Councils¹ or Pupils' Councils, is limited in many districts and particularly inaccessible in the rural areas. The ability of adolescents and youth to participate in democratic governance is affected by the lack of awareness of, and opportunities to participate, limited access to existing participation mechanisms, the exclusion of disadvantaged youth groups and insufficient funding for the Youth Councils that hampers participation.

UNICEF will contribute to the implementation of Component 2, Action 2.2.3 of the EU4Moldova: Focal-Regions Programme: Support for improvement of social services for children and adolescents. The Action also contributes to the goals and aspirations of the new [European Union \(EU\) Youth Strategy 2019-2027](#)² seeking to engage, connect and empower young people, reflected also in the EU-UNICEF partnership within the [Generation Unlimited](#)³ initiative for quality education and training for young people.

Specifically, the intervention will focus on strengthening the capacity, development and empowerment of adolescents and youth in Cahul and Ungheni, as well as improve

¹ A representative and empowered youth structure, which can be assigned the status of a non-profit organization, the mission of which is to ensure the participation of young people in community development, particularly in the decision-making process.
